

## **Strawberry Fool**

(inspired by John and Abigail Adams)

### *Ingredients:*

1 pint fresh strawberries, hulled and cut into quarters  
1/2 cup sugar  
1 cup heavy cream  
1 teaspoon vanilla

### Instructions:

Toss the strawberry pieces in half of the sugar, and let them sit for 10 minutes to juice up.

Place half of the strawberries and all of the strawberry juice in a blender. Puree the mixture; then stir it into the remaining strawberries.

Whip the cream until it holds stiff peaks, adding the remaining sugar and the vanilla when it is almost ready. Fold in the berry mixture. Serve immediately. Serves 4.
